

BUILDING FORTS.

Soldiers Busy Along the Shores of the Dardanelles.

REBELLION RIFE IN PALESTINE.

Rebel Spies at Massawa, Where the Recent Massacres Occurred

—Italy Preparing.

CONSTANTINOPLE, Dec. 3, via Siena, Italy.

The work of strengthening the fortifications of the Dardanelles continues night and day.

The forces are busily at work training up fresh batteries, and the most

recent news is witnessed from the

shores of the Dardanelles to the

mouth of the Bosphorus.

In addition to the new

and defense works already

under way, there are

now being pushed with

increasing energy.

It is now

difficult to judge,

with the absence of news,

whether the

work can be judged,

with the absence of news,
